

# Beverages

Thai people drink many delicious beverages to keep cool and their thirsts quenched. With so many varieties of fruits in Thailand, it is natural that many of the fruits make perfect energizers and thirst quenchers especially coconut juice. Thailand is also blessed with delicious teas and coffees and these beverages have been adapted from the local environment to universal appeal internationally.

Thai-Choice offers a wide range of authentic Thai beverages including unique coconut juices and other fruit drinks, famous Thai Tea, other local teas

and the finest Thai coffees from the mountain coffee producing areas in the north. These drinks come in a range of packaging including bottles, cans, tea leaves and bags. Of course all Thai-Choice labels are of the highest standard of eye catching appeal. But the most attractive features are the tastes and textures to be enjoyed by all.
